

Ideas for Peeking Window Ghosts

You will need...

- A large white poster board (One for each window)
- Scissors
- Tape
- Black construction paper or a black marker (For the eyes and mouth)

Instructions...

- Using a pencil take a large piece of white poster board and trace your ghost. If you have a hard time creating your own ghost, feel free to use the examples on this page.
- When done, cut your ghost out using the scissors.
- With a black marker or black construction paper, make the eyes and mouth for the ghost.
- When your ghost is complete, tape it to your window with the eyes and mouth of the ghost facing the outdoors so passer-bys can see!
