**Tall Metal Christmas Stocking Holder Stand – 46"**
Item #431352

**Handle carefully.** This Ornament Tree features a silver foil finish that gives the tree its unique look and shine. You may notice some peeling or flaking, a natural characteristic of silver foil. This will not affect the use or charm of your tree.

**Step 1**
Notice Base (B) has half-circular wire above the ring. Insert the end of (B) through the center opening of Base (A). This will allow the rings to line up.

![Top view showing how the wire rings line up.]

**Step 2**
Insert Lower Pole (C) through the rings of the Base halves. Tighten the bottom of the Pole by Nut (I). Insert the threaded portion of Middle Pole (D) on Lower Pole (C).

**Step 3**
Insert the threaded portion of Top Pole (E) through Long Arms (G) and tighten it on the Middle Pole (D). Insert the threaded portion of the Star (H) through the Short Arms (F) as shown. Tighten the Star on the top Pole.

Adjust all Arms so they are evenly spaced, and firmly tighten the Poles.

This unit can be disassembled for storage.
